4th January 2021

Dear Parent/Guardian

With E-Learning beginning on Wednesday 6th January we hope that the information provided below may be useful in supporting your child at home.

Accessing Home Learning

Parents of children in **P1/2**, **P2/3** and **P3/4** should now all be connected via both the family app and the class app (as a pupil) allowing them access to work that has been set and also contact the child's class teacher.

Pupils in **P5/6** and **P6/7** have been using Google Classroom throughout Term 1 and should have all the necessary information to access work. However, C2k passwords may have expired and if this is the case please use the link below for your child to reset their password:

<https://services.c2kni.net/ums/>

Please ensure that you have access to either Seesaw or Google classroom before 12pm on Tuesday 5th January. If you have any issues, please contact us.

From Wednesday, work will be uploaded in time for children to begin working from 9am.

Home Learning Content

Each day your child will be asked to complete a numeracy activity, a literacy activity and another activity (this could be linked to PDMU, Arts or WAU). The work set is not intended to cover a full normal school day as a normal school lesson would give more time for practical application, assessment opportunities and discussion. Therefore please don't feel that your child needs to be working all day, getting through the work provided by teachers will be enough for them, especially given the unusual circumstances.

Assessment of work

We now ask that all work is 'submitted' to show class teachers that the work has been completed. To submit work, please take a photograph of the work and send it through via Seesaw or google classroom. Teachers will acknowledge when a completed piece of work has been received. We ask that all work is completed and submitted by 12pm the following day.

Contacting Teachers

When contacting class teachers, please only do so between the hours of 9am and 3pm. If you send a message outside of these hours, please do not expect a reply until the following morning.

Doodle Maths

Doodle Maths occasionally needs to be recalibrated to ensure that pupils are working within the correct level. If you find that the questions set are too challenging, please email the school on info@bready.strabane.ni.sch.uk and we will recalibrate it. Please ensure that Doodle Maths activities are completed independently.

If you have any questions or concerns, please do not hesitate to contact us.

Thank you for your continued support.

Yours sincerely

Mr Bogle
